

The ECALAS-Network

ECALAS ([ECATA](#) Alumni Association) was founded in 1992 as a non-profit association

- consists of over 400 ECATA Alumni experienced members in International Aerospace Program Management,
- holds follow-up international seminars addressing relevant issues within the Aerospace Industry context,
- serves as a possible nucleus for the Aerospace Community by leverage of expanding connections,
- maintains a database listing the network's members & their positions within their companies,
- links a growing network of mobile alumni in European countries and worldwide,
